## EDUCATION DEPARTMENT

TO: Aamjiwnaang Community Members  
FROM: Vicki Ware, Education Coordinator  
DATE: July 18, 2016  
RE: Transportation

---

The Education Department is pleased to announce a new shuttle van for educational purposes.

### Wheels to College

On April 1, 2016, Chief and Council unveiled the Wheels to College shuttle project with the Visions of Harmony Committee. Students residing at Aamjiwnaang are eligible to access daily transportation to and from Lambton College.

### Educational Programs

The shuttle will also be used for transporting students registered with the Adult Learning Program, public (summer) school program, and other community programs at the discretion of the Education Coordinator.

### Guidelines

Students must be registered with the Education Department to utilize the transportation services. A daily schedule has been set to ensure timely arrival and departure from programs. If you did not attend a program/class during the day, you are not permitted to access transportation at the end of the day without approval. The shuttle is not approved for personal errands, medical appointments, or other requests outside of the daily schedule. All passengers are required to abide by the Aamjiwnaang First Nation Transportation Policy. Improper conduct may result in the withdrawal of transportation privileges.

If you have any questions, please contact Vicki Ware, Education Coordinator at 519-336-8410 or [vware@aamjiwnaang.ca](mailto:vware@aamjiwnaang.ca)
